

TIMER BOARDS

DCT1000 Timer Controller

- ▶ Continuous clean or on-demand control. Modular design offers a plug in pressure module that eliminates the need for a pressure switch, timer, pressure transmitter, etc., for on-demand control.
- ▶ Same mounting dimensions as major competitor's controls allowing it to fit into existing collector designs and is one size for 6, 10, and 22 channel versions.
- ▶ Universal power supply from 85 to 270 VAC/DC on the standard model and a separate 10-30 VDC low voltage model.
- ▶ Features include 4 to 20 mA pressure output, programmable alarm relays, easy programming with display.

DCT1000 MODELS

Model Number	Description	No. Of Channels	D.P. Range
DCT1022	Master Controller	22	
DCT1010	Master Controller	10	
DCT1006	Master Controller	6	
DCT1122	Channel Expander	22	
DCT1110	Channel Expander	10	
DCP200A	Pressure Module		20" w.c.
DCP100A	Pressure Module		10" w.c.

BULK HEAD CONNECTORS

BHC Bulk Head Connectors

- ▶ Allow easy installation of blow tube through the dust collector wall and eliminate the need for welding or using additional flanges.
- ▶ Enable fast removal and reassembly of blow tubes for cleaning and maintenance.
- ▶ Single connection models for through tube mounting and double connection models for two-piece tube mounting.

BHC MODELS

Model Number	Size	Connections
BHC20D	3/4"	One
BHC20DD	3/4"	Two
BHC25D	1"	One
BHC25DD	1"	Two
BHC35D	1-1/2"	One
BHC35DD	1-1/2"	Two

SPECIFICATIONS

Service: Compatible gases.

Wetted Material: Body, Ring nut, DIN nut: aluminum; Washer: SS41; Gasket: NBR.

Pressure Limits: 124.7 psi (8.6 bar).

Temperature Limits: -4 to 185°F (-20 to 85°C).
